

PRODUCT FOCUS

Cleaning accessories. Suited to maid's basket, janitor carts and window cleaning tools.

GENERAL PURPOSE

GPS Trigger Sprayer

Delivers 50% more per stroke – 1.4ml, compare this with other triggers, all under 0.9ml per stroke, this means less strokes to achieve the same objective and so less tiring on fingers.

Choice of three colours: Red, Blue, or White, no longer restricted to red only.

The ergonomic three finger grip, reduces finger fatigue, while a longer 250mm (10") tube reaches to the bottom of most trigger spray bottles. The no leak cap reduced chances of leaks if the bottle tips over on its side.

All of these features and the GPS Trigger Sprayer is available at a very economical price.

The GPS Trigger Sprayer delivers 50% more spray per stroke compared to similar products.
