

GL^OMESH

Ultimate Polish Removal, Less Loading, Longer Wear

For operators that demand ultimate performance, here is a patent pending, proven technology to give you up to 5X faster finish removal than a standard black strip pad.

Tomorrow's Technology is Here Today!

TURBOSTRIP™

SEGMENTED ROTARY PAD
PATENT PENDING

The **Glomesh Turbostrip™ Segmented Rotary Strip Pad** features 24 polygonal segments with overlapped angular edges that bite into floor polish aggressively. Independent lab tests show that the Glomesh Turbostrip™ Segmented Rotary Strip Pad achieves up to 5X faster polish removal than standard black strip pads depending upon the number of coats to be removed. Glomesh Turbostrip™ Segmented Rotary Strip Pad dramatically reduces excess floor polish on strip pads. The pad life increases while the floor stripping work is completed faster.
