

## PRODUCT FOCUS

Accident prevention and crowd control.

DURABLE | PORTABLE | SECURE

# Expanding Mobile Barrier

The portable mobile barrier is a 16 panel, four metre long, fully portable safety barrier. The user-friendly design allows for easy storage and quick effortless positioning. The barrier has four locking straps to secure the barrier in the closed position.

The fence stands one metre high with no gaps or joins preventing personnel accessing potentially dangerous areas.

The barrier has two inbuilt non-marking wheels for easy transport throughout any facility.

Constructed from tough durable industrial plastic in a highly visible

safety yellow – the portable mobile barrier stands out from the crowd.

The barrier consists of a series of 900mm high panels spanning a length of four metres.

*The Expanding Mobile Barrier is essential where fast, serious safety is required.*
